

MD. TANVIR ALAM

Chief Technology Officer & Senior Software Engineer

PROVEN 11-YEAR OPEN-SOURCE ENGINEERING TIMELINE (SINCE 2015)

Dhaka, Bangladesh | +8801716416679 | tanviralamshuvo@gmail.com
LinkedIn: [mdtanviralam](#) | GitHub: [tanvir-ux](#) | Portfolio: [tanvir-ux.github.io](#)

PROFESSIONAL SUMMARY

Strategic technology leader and Senior Software Engineer with a documented 11-year history of engineering complex software systems. Extensive expertise in enterprise architectures within the Java ecosystem (Spring Boot, Grails), high-concurrency database systems, and state-of-the-art AI-driven automation pipelines. Successfully bridges structural hardware logic with enterprise microservices, transforming raw business operations into scalable, automated, and fault-tolerant digital applications.

VERIFIED OPEN-SOURCE HISTORY

In contrast to academic timelines, continuous production-grade software deployment is independently verified via public code metrics tracking back to early 2015:

11 Years
Active Engineering History

1,777+ Verified Commits
Production & Utility Code

85 Public Repositories
Frameworks & Engines Built

12+ Tech Ecosystems
Polyglot Development Range

Key Historical Foundations: Oldest active system architecture launched March 2015 ([blog_using_ruby_on_rails](#)); Longest continuous project codebase active for 3,059+ days ([tanvir-ux.github.io](#)).

PROFESSIONAL EXPERIENCE

Chief Technology Officer (CTO)

April 2026 - Present

Jonlab LLC

- Directing technical vision and long-term strategy, leading engineering teams in developing high-performance software architectures.
- Overseeing the integration of cutting-edge AI-driven solutions and LLM-based automation to scale business growth.

Deputy Assistant Director (IT App Dev)

Feb 2026 - April 2026

Remark HB Ltd. (Harlen) | Dhaka, Bangladesh

- Led technical initiatives for the country's largest authentic cosmetics retail chain, driving digital transformation in retail and supply chain management.
- Architected enterprise solutions and integrated AI-driven components into internal business engines.

Software Engineer

Nov 2025 - Jan 2026

MehvozSoft | Dhaka, Bangladesh

- Designed autonomous AI agents using LangChain to handle multi-step reasoning tasks, reducing manual oversight by 40%.
- Implemented RAG pipelines allowing LLMs to query internal documentation and execute API calls via tool-calling.
- Streamlined backend processes using Java and Spring Boot to optimize overall system performance.

Software Engineer

Sep 2025 - Oct 2025

Inovace Technologies Ltd. | Dhaka, Bangladesh (On-site)

- Design, enhance, and maintain distributed HRM systems built on Spring Boot, Vue.js 2, and AngularJS 1.
- Integrate and optimize event-driven communication using Kafka, Redis, and Debezium to synchronize data between MySQL and PostgreSQL databases.
- Maintain high-availability workflows where older biometric devices send data via HTTP and modern devices communicate over MQTT, unified through Node.js, Vernemq, and Nginx into a central system.

Software Engineer (Java)

Mar 2023 - Aug 2025

Midas Software Solutions Ltd.

- Project: Digital Banking Ecosystem (Bank Danamon Indonesia)
- Migrated legacy monolith to Spring Boot microservices, resulting in 70% faster deployment cycles.
 - Developed 100+ secure REST endpoints for 50k+ concurrent users using OAuth2/JWT.
- Project: Oracle FLEXCUBE Customization (SMBC Japan)
- Developed custom banking modules using JS/XML and integrated OBPM for international SWIFT transfers.

Application Developer

Sep 2021 - Feb 2023

MehvozSoft

- Launched cross-platform mobile applications including Express Entry Calculator and Adhaan apps on iOS/Android using Ionic and Angular.

TECHNICAL SKILLS

AI & Data	Agentic AI, LangChain, RAG, LLM Integration, OpenAI
Backend	Java, Spring Boot, Node.js, Microservices, JVM Tuning
Database	Oracle PL/SQL (CDB/PDB), PostgreSQL, MySQL, Flyway
Frontend	Angular (2-21), React, Next.js, Vue.js, TypeScript, Ionic
Infrastructure	Docker, Kubernetes, Kafka, Redis, MQTT, GitHub Actions

EDUCATION

Bachelor of Science in Electrical & Electronic Engineering (EEE)

Graduated 2021

Stamford University Bangladesh | CGPA: 3.25

Higher Secondary Certificate (HSC)

Notre Dame College, Dhaka | GPA: 4.50/5.00

LANGUAGES & INTERESTS

Languages: English (Professional Proficiency), Bengali (Native)
Interests: AI Orchestration (LangGraph), Agro-Tech (Smart Farming), and Financial Planning.
